## COMMENTS FROM THE TOWN MANAGER'S OFFICE

Outside burning is prohibited after April 1 unless the person in charge of the burning has a permit to burn slash, brush, etc. The permit can be obtained from the fire chief or from the town office. The ground was very dry when it froze last fall and the snow accumulation was below normal this winter. The fire danger will be acute very early this year unless we get some rain to lessen the dry condition.

The contract to build the new fire station will be signed as soon as the building is vacated by the tenants living in the rents. The low bidder on the job of removing the old building and constructing the new one is Harold Rolfe. There was a separate price for each job and Mr. Rolfe is low bidder on each. The selectmen have investigated the possibility of obtaining matching funds for construction of an Emergency Operation Center for C. D. It seems that the benefits derived from the federal government would not be great enough to offset the federal restrictions that would have to be followed. The selectmen are all in favor of the local Civil Defense unit and are very pleased with the work that the unit is doing. I believe that space will be available in the new station for the C. D. unit when the building is completed.

Material on the design of the building and location of the building was sent to the New England Insurance Rating Association. As far as can be determined, neither the design nor the location of the station would detrimentally affect the town in an upgrading of the rating of the town in the future. There are several factors that contribute to the insurance rating of a town. The design and location of the building that the town is going to build are all right and would be satisfactory if all other factors were satisfactory.

## SHERIFF HORTON MAKES REPORT TO COUNTY

Sheriff Lester C. "Bud" Horton of Oxford County today released the following report covering the first three months of his tenure:

"In keeping with my campaign promise of keeping the public informed I would like the citizens of Oxford County to know just what has happened since January 1, 1965, and what plans we have for the future."

"First, we have not received a single complaint that hasn't been answered. In order to do this means in fact that every deputy has averaged some fourteen hours daily since 1 Jan. '65."

"The interior of the County Jail has been completely cleaned and painted and new mattresses and pillows have been purchased. A new and varied menu has been put into effect for the prisoners at no additional cost."

State Trooper Speaks to Girl Scouts—Trooper John Marshall

of West Paris is shown speaking on bicycle safety to a group of Girl Scouts at the Crescent Park School Monday afternoon.

Trooper Marshall told the girls—"Parents put a lot of trust in children when they give them a bicycle to ride out on the highways—Don't let them down!"

"Today's bike riders are tomorrow's drivers—if one cannot control a bicycle today, he may not be in complete control of his car tomorrow."

He also told them that it is a State law that every person riding a bicycle shall ride on the right side of the roadway.

Here are Safety Rules that all bicycle riders should observe:

1. Ride single file.
2. Carry books or packages properly.
3. Use bicycle paths.
4. Slow down at all street intersections.
5. Enter the street with care.
6. Have a proper horn or bell.
7. Ride straight.
8. Stop for red traffic lights and stop signs.
9. Give hand and arm signals: left turn—hand and arm extended horizontally; right turn—hand and arm extended upward; stop or decrease speed—hand and arm extended downward.
10. Obey all traffic regulations.
11. Learn your local traffic regulations.

## COMMUNITY YOUTH JOIN IN EASTER SEALS DRIVE

Members of the Methodist Youth Fellowship and the Congregational Pilgrim Fellowship will join the annual Easter Seals drive on Sunday evening, April 4. The town will be divided into canvassing areas and the members of the groups will go out in pairs to receive donations.

The Easter Seals program is designed to help children who have been afflicted with birth defects or have become disabled physically through injuries or disease. The proceeds from this campaign will help many such children in Maine and have aided such children in Bethel in the past.

Area residents are asked to remember that the canvassers will call at their homes between 6:30 and 8:00 p. m. The results of the campaign will be announced publicly after the canvass is completed.

U. of M. students are on vacation this week.

## The Week in Oxford County

The Oxford County Public Speaking Contest was held at the Oxford Hills High School gymnasium Thursday evening. Schools participating were

Buckfield, Mexico, Rumford, Bridgton, West Paris, Mechanic Falls, Dixfield, Oxford Hills —Norway and Paris. Students were entered in four divisions as follows: Humorous, poetry, dramatic and oration.

The Portland District WSCS comprising Oxford, Cumberland and York counties met on Tuesday at the Kezar Falls Methodist Church. The theme of the meeting was "One World—One Witness."

Norway citizens voted at a special meeting Monday evening to sell the Steep Falls dam to the Keddy Manufacturing Co. of Massachusetts.

The mobile home of Perley Brown on Hall Hill, Dixfield, was destroyed by fire last week. Brown is presently staying with his sister, Mrs. Gertrude Holman.

Oxford Hills High School and Gorham High School bands held a combined concert at the Oxford Hills gymnasium Saturday evening.

The Junior and senior classes of Canton High School planned

a car wash with interior cleaning also to help defray their expenses on a Washington trip.

Gov. John Reed signed a bill Friday enabling the County Commissioners of Oxford County to set up a full time Department of Industrial Development for the County. Commissioners

Bovin of Rumford and Eli Gaudet, also of Rumford, stated that the department can start functioning by May 1. Offices will be set up by statute in the Oxford County Building in South Paris.

Open season on all lakes and ponds where all portions are free of ice commences April 1 for fishing. Brooks, streams, and rivers in Cumberland, Oxford and York counties remain closed until the last Saturday in April.

Miss Jane E. Morrison and Miss Brenda J. Cornfield, both of Dixfield, escaped with only an ice cold dunking Tuesday when the convertible driven by Miss Morrison left the highway, went through a guard rail and

land in Masselonki Stream. The young ladies were able to leave the car before it began to sink. They are attending Colby College.

**CARD OF THANKS**

To the Bethel Fire Dept. who performed a miracle in saving half of our house and at the same time were very careful about damaging the contents—and to all the good people of the village who have done and are continuing to do many helpful things for us, our everlasting thanks. Knowing that we live in a community with such a kindly spirit makes the temporary inconvenience of having one's home a shambles seem relatively unimportant. Beekie and Bruce

continued from page one  
at cost to the public. In conjunction with this and certainly helping to keep the cost of feeding down I must point out that Mr. Dewey Thayer of the Norway Home Bakery has reduced his price on day old bread in the amount of five cents a loaf. This is a savings of some \$175 annually.

"There has been some talk about the money that I have spent and in all fairness I must point out that when we took office there was little or no equipment. In the line of police equipment all we had was a camera, a small fingerprint kit which needed all new materials to re-stock it, a tear gas gun and two sub-machine guns which are certainly obsolete.

The gas shells for the gun are labeled, "use before April, 1942". The standard forms used in most police stations or sheriff departments were absent and those that were left had nearly run out. We have spent some \$200 in replacing standard forms, via complaint reports, investigation reports, statement blanks, and Driving under the influence forms.

To bring the photo room up to standards we had to purchase new chemicals, paper, film, and a couple pieces of equipment that were needed and this came to approximately \$50. I have purchased a portable field kit which permits any on the spot tests possible to be made by the department which includes determining whether blood found at a scene is animal or not, analyzing all types of narcotics, restoring obliterated numbers of guns, automobile motors etc., forgery detection, ultra-violet detection, corpse fingerprinting, detection of criminal assault in sex cases, etc. This kit cost \$190. We have also purchased a montage kit which enables us to make casts of foot prints, tire marks etc., at a cost of \$40. In addition we have equipped the Rumford Office, the Bethel Deputy and the Fryeburg Deputy with portable fingerprint kits. In the past a man had to be sent from the South Paris Office to any part of the county to take fingerprints. These kits cost \$13 each.

We have also purchased a portable oxygen unit for the South Paris office and hope to eventually have one in the Rumford Office. This unit cost \$70. We have purchased one new typewriter as out of the three that we inherited none were really in top shape. In addition to all this we have had to replace our tear-gas as previously pointed out. I must add that if I had my way each of our cars would be equipped with a portable oxygen kit, a portable fire extinguisher, and a first aid kit. This I can't do at this time as there is too much opposition to it and it would cost about \$150 per car. However, it would be worth every cent of it if we were just able to save one life and this would make a very worthwhile project for any organization that wanted to do something for the community. I would also like to equip all cars with a siren if I could. At this time some three of my men have purchased their own sirens, all have purchased their own blue lights, most have purchased a gas can so as to be able to assist motorists that run out of gas on the highways.

"We have started putting out a weekly bulletin which is sent to all surrounding law enforcement agencies listing any and all stolen property, wanted persons, etc. This has already paid off and it certainly has been very well received by other law enforcement agencies. We are getting 100% cooperation with all law enforcement agencies as evidenced by the speedy apprehension of two men that we wanted for breaking and entering. They committed the act on a Friday night in Bryant Pond and were locked in jail in New Hampshire Saturday A. M.

"We have started a crack-down on drinking within the town limits by those under 21, reckless driving, etc. There have been those that have tried their best to get me to try and close some of the public dances. I have made a complete revitalization of these dances and

## 20 SECONDS WITH THE NAZARENE

In the early days of the French Revolution, the mob was forcing its way into the palace of Louis XVI. A frenzied girl was trampled down and seriously injured. When she became conscious, Queen Marie Antoinette was handing over her, and washing the blood from her face. "Oh!" she cried, "I did not know you were like that." Until we see God in Christ reconciling the world unto himself, bearing our sins, and carrying our sorrows, and suffering our woes, we have not seen Him as He is.

## SEN. MUSKIE REPORTS

It is my privilege to co-sponsor President Johnson's voting rights bill which he sent to the Congress recently. My hope is that this meaningful legislation can promptly become the law of the land so that every adult American, regardless of race, creed or religion, will be guaranteed the right to vote.

I agree with President Johnson, who, in a letter accompanying his voting rights bill, wrote, "Every American citizen must have an equal right to vote. There is no reason which can excuse the denial of that right. There is no duty which weighs more heavily on us than the duty to ensure that right."

The recent events in Selma have outraged our nation, and have made it abundantly clear to the President and to Congress that there must be additional legal means to ensure every American an equal right to vote. The President's bill provides this guarantee.

The bill enforces the Fifteenth Amendment to the Constitution, which says that the right of a citizen to vote "shall not be denied or abridged by the United States or by any state on account of race, color or previous condition of servitude."

The bill provides that "no voting qualification or procedure shall be imposed or applied to deny or abridge the right to vote on account of race or color."

"Any test or device" as a prerequisite for voting or registration in a state or subdivision that by the bill's definition has practiced discrimination. The bill authorizes the Attorney General to call for federal examiners or registrars when state or local officials continue to discriminate against potential voters, and empowers the examiners to enroll the potential voters.

The bill also provides penalties of five years in prison or a \$5,000 fine or both against violators who attempt to deprive a person of his rights under the bill, or attempt to destroy or mutilate ballots or records.

Like most Americans, I am deeply disturbed by the events of the past few days in Selma. I am opposed to closing them and will take a firm stand against it. These dances are very much needed as the young folks have few enough places to go as it is. I am, however, going to put a stop to some of the activity that takes place during the intermissions and after the dances especially where those under 21 are concerned.

"I am making an all out effort to show the teenagers that we are truly their friends and that my department as well as most law enforcement agencies are really out to help them and not harass them. However, they must help themselves to some extent. My office is always open to anyone of any age who has a problem of any type. If we can't handle it we can certainly send you to someone who can. We have learned to become truly good listeners.

"In my humble opinion the duties of the Sheriff's Department are to be public servants and to render what assistance we can when we can as soon as we can. We are not out to make arrests, to get anyone in trouble, etc., but we will answer all complaints. As I said earlier we have a competent State Police Force and we certainly aren't out to do their jobs, but we cannot overlook flagrant violations of the motor vehicle laws and especially those that occur within a built-up area.

## PIANO STUDENTS OF MRS. BROWN IN RECITAL

Piano students of Mrs. Donald Brown entertained their mothers at a musicale Saturday afternoon at the home of their teacher. The program featured music of the composers who have been studied during the year, and the students related interesting facts about the composers and the compositions played. Refreshments were served by the hostess.

Taking part in the program were Vivian Brown, Mary Ann Chapin, Andy, Michael, and Susan Davis, Sam Eames, Christine and Joan Ellen Greenleaf, Diane Hunt, Patricia Saunders, Stephen Seames, Dean Walker, Kathy and Ricky Young.

In Selma, Governor Wallace and his law enforcement officers have used shocking tactics. Those who have marched in Selma have a right to protest the denial of constitutional rights. The Governor of Alabama and his law enforcement officials must bear a heavy responsibility for the outbreak of brutality which resulted in the death of Reverend Reeb and for the unrest which has erupted in Washington and in other parts of the country.

It is evident that the country feels deeply about events in Alabama. The President's bill speaks for outraged Americans everywhere.

## FOUR RURAL LEADERS NAMED AT FARM AND HOME WEEK

Four prominent rural leaders were named outstanding farmers and homemakers Tuesday night during ceremonies held at the University of Maine's 58th annual Farm and Home Week.

Receiving citations from University President Lloyd H. Elliott were Mrs. Ruth L. Howard of Bridgton, Mrs. Albra F. Chadbourne of Harmony, Philip G. Andrews of Fryeburg, and Leon F. Lord of Fairfield.

Mrs. Howard was cited for outstanding service to family and community and for her activities as secretary, clothing leader and 4-H Club representative with her local Extension Association group.

Mrs. Chadbourne's 50 years as a Grange member and leader, 40 years of Extension work, as well as her long record of community service as a public school and a Sunday school teacher were recognized during the ceremonies. She was the first graduate of Harmony High School and the organizer of the first 4-H Club in her area. She was also instrumental in forming the first pre-school child health clinic in her community.

Andrews was described as one of Maine's largest and most successful dairy farmers. He was cited for his leadership in adopting new management procedures and achieving state and national prominence for the productivity of his land and cattle. Last year he was named Maine's 1964 Dairyman of the Year.

Recognized as one of Maine's largest and most successful poultrymen was Leon Lord. He

was described as a progressive farmer willing to make effective use of new technology, some of which has helped provide state-wide savings in poultry feed costs.

Presiding at the annual recognition ceremonies in the university's West Commons dining hall was Winthrop C. Libby, dean of the College of Life Sciences and Agriculture.

## EXTENSION COMMUNITY PROJECTS

Extension groups throughout Oxford County have for many years carried on a community project. These have taken different shapes, depending on the need in the various communities. In some places — Bryant Pond, for example — Extension women have been interested in the local library, not only for the use of the books of the community, but have also been responsible for having the library cleaned when needed.

The Mexico Extension members have recently reported completing 98 sterilizer bags and 58 smaller ones for the Rumford Community Hospital.

In Norway, Mrs. Josie Morrill reports that their community project was remembering the people at the 3 local nursing homes at Christmas. Over 50 people received gifts and candy. This year, each Extension member is being asked to call on the elderly at the local nursing homes on the person's birthday, to bring a gift at that time. Mrs. Morrill reminds the group each month as to the person having a birthday and gets volunteers to take this project. The result has been a happy one, both for the Extension members and the persons being remembered.
